How many writing, rapping, singing, producing C.E.O.'s do you know? There is only one entertainer who can truly – do it all. **Smooth D.** is a multi-talented individual who brings a new form of energy and life to the music industry. With his life-related songs and his emotion-filled raps, the “**C.E.O.**” seems to display his whole personality and image through his music. Being versatile with his rhyming styles and using different production techniques, “**D**” puts an end to the stereotypes that southern entertainers can’t be diverse.

When it comes to Rap, the “**Emortul Spitter**” comes hard whether inside the studio or on the street free styling. By using the many set-backs and bad personal experiences he has faced, D. transforms his lyrics into stories that everyone can relate to. On the R&B side of the game, Smooth tackles the issues facing relationships & sex.

“**Mr. Water**”, as he’s known to the ladies, keeps things flowing with his sensual words and soft voice. Once again by taking episodes from his own private life, “**Pisces**” shows the inner feelings and emotions that most men are afraid to reveal.

Smooth D’s 1st solo release, “**I’m Just Sayin**”, will be 18 tracks of pure adrenaline, diversity, competition, and originality rolled into one album. The newest star from the “**Dirty South**” explodes on the scene as a performer who is the definition of a CP3 Artist [which simply means he is Creative. Professional. Personable. Profitable].
